Ref Trainer Tom Keil signs up referees for the 2012 Soccer Season.

Green Bay Striker Board members ready themselves for registration of east side recreational soccer players and coaches. The Green Bay Strikers are Northeast WI largest recreational soccer club.

2012 Green Bay Strikers Registration

AWSCAT Building Committee in Action 2012

Some of the building committee reworked the plans for the Arnie Wolff Sports Complex. Ken Paluch, an experienced mason, gives valuable expert advice to the construction plan. The committee values his extensive construction experience. The Green Bay Strikers value his soccer coaching skills.

Russ Reynolds contemplates key design features and works with our project manager Katrine Wygle as we finalize the plans and make them fit the clubs needs along with the GB Park Departments and state code requirements. This month the committee worked with Park Planner Dan Ditscheit. Color and aesthetics were determined.

The building committee is meeting at least twice a month. The shovels go into the ground in April and the concession building is scheduled to open mid- June. This is a very aggressive schedule which is reliant on the help of volunteers like you to make it happen. We are hoping that the weather will be our friend. Like any building project it relies on the schedules of services, availability of materials, and financial resources. The goal has been to raise \$40,000 for the basic materials and services that have to be paid for. The rest of the project is dependent on the diligent support of parents, players, elected officials, GB Parks personnel, the fire dept. and other community minded citizens. The Strikers and the Kickers are the backbone, of the movement not only because of the obvious need, but their determination to move towards an even brighter future for soccer in Green Bay.

Our project manager is Katrine Wygle. She and Joe Westberg have been working with the architect to iron out the needed changes. City building codes, health inspector input and the strict requirements of the Green Bay Parks and Recreational Department were important elements to consider before we could even look at what might work for our organization. The three month long process of developing a detailed sales list and business plan was submitted in January to the Green Bay Strikers Board so they could work through any changes they desire to provide a profitable and efficient means to run the building when it is completed.

We are always looking for volunteers to help at certain parts of the project. Please take time to look over the project calendar. If you have time on one of the upcoming weekends or for even a committee meeting we would be glad to have you. We do have some age requirements as well as concerns for proper safety gear and safety observations at the work site. For this reason we do ask you to contact Katrine Wygle, the project manager, or Dave Winzenreid, volunteer coordinator and assistant coordinator of the AWSCAT or Marty Briggs, AWSCAT co-coordinator. We will be happy to set you up with the proper team leaders.

Building A Pathway To A Brighter Future For Green Bay Kids and Soccer

All donations are tax deductible

Abbi took time out from helping man the Arnie Wolff Sports Complex table at the Strikers soccer registrations to pose next to one of Gandrud's extremely cool cars. The t-shirt she is wearing is only available now through ordering on the Arnie Wolff Sports Complex website or at special Striker events where we have them. They are going fast. The T-shirts are selling for \$10 and the Polo shirts are \$20. What is left will go on sale at the concession stand when it opens. 100% of the sales will go to building the soccer complex, thanks in part by the generous donation by the Green Bay Fire Fighters.

We understand the gift of your contributions are not to be taken lightly.

We are planning to display a plaque on the concession building.

It will give your company name or family a fitting area of presence to show the community of your kindness to the children of Green Bay, by supporting the construction of Green Bay's first soccer complex.

Before the final production of the plaque, your approval will be requested. We would like to thank you in advance.

Recognition Of Your Contribution
Is Important To Us

**We Are looking for More People to Help Us Fill Up This
Plaque On The Building**

We are approaching \$30,000. In order to build the concession building we need to get to our goal of \$40,000. Anything you can do to help us reach this goal will be appreciated. The plaque is designed to honor larger gifts. The bricks are to help us reach our goal with smaller gifts and yet give recognition for this as well. Every gift is appreciated. The many hours of volunteers working at the Packer Games have helped us get to this point. Your help this spring will help us get the building completed. If you know of any business that will be able to help us, please let Marty Briggs, Dave Winzenreid or Matt Gage know. It is important that we meet our spring building deadlines.

Helping Our Community Provide Opportunities For Our Children To Participate In Enjoyable Healthy Activities.

Humboldt Road

Join the over 2000 kids, their parents, and community leaders, in helping a vision for the future of Green Bay Rec. Soccer happen. With your support and helping us build the concession/restroom building, we will be able to reduce registration costs and continue to build our soccer programs. Please consider helping us with this upcoming sport

Thank you so much.

Get involved, volunteer time on projects, help build and follow our progress at our website!
