AWSCAT April 2012 Newsletter

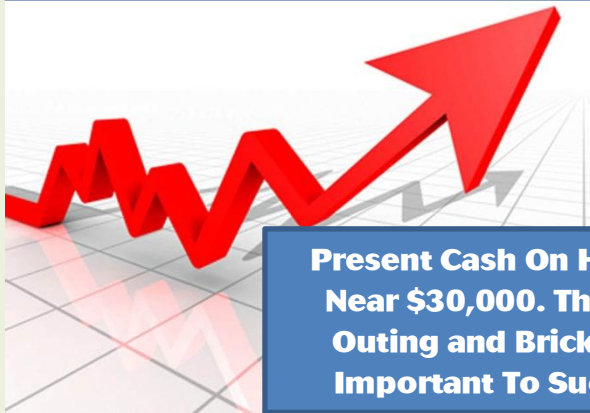

Have you been thinking about buying a brick to support the Arnie Wolff Sports Complex. Please do it now! In MAY we are breaking ground and need your help with the funds generated from this. Thanks

One Month Delay

There will be a one month delay in the construction of the Arnie Wolff Sports Complex building. In construction, it is common to have a few hurdles. We have been requested by city engineers to have the soil under the foundation at the building site prepped before building takes place. This was not planned for and the Green Bay Parks Department is working hard to find solutions for this hurdle. We are hoping to get the construction started in the month of May. The building team will continue to prepare for that rescheduled time. The plans of the building were temporarily on hold to make sure foundation changes were not going to affect the rest of the building. The city engineers confirmed that the building plans will stay the same, so now the consolidation of the plans can happen.

We understand the gift of your contributions are not to be taken lightly. We are planning to display a plaque on the concession building. It will give your company name or family a fitting area of presence to show the community of your kindness to the children of Green Bay, by supporting the construction of Green Bay's first soccer complex.

Before the final production of the plaque, your approval will be requested. We would like to thank you in advance.

SAFETY FIRST

All volunteers have to check in with our project manager, Katrine Wygle before they are allowed on the building site, or they may be asked to leave. We want to assure that everyone is observing safe practice.

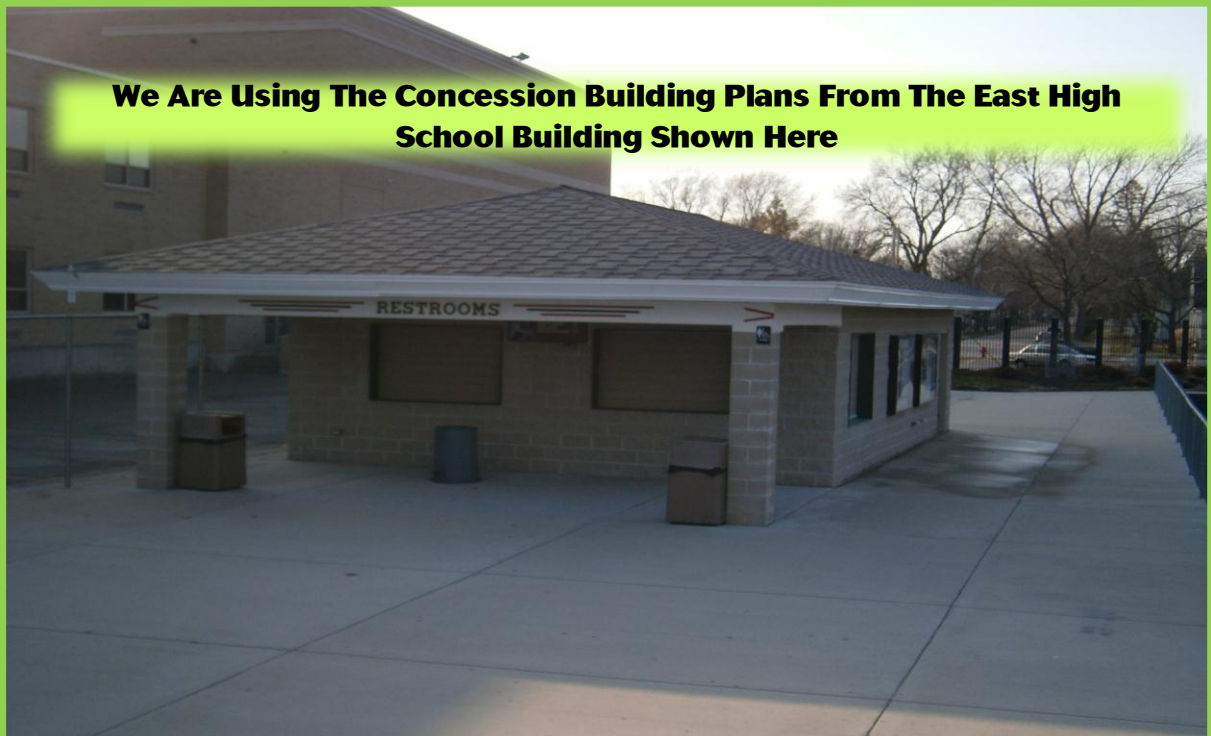

Besides signing a liability exemption contract to work at the Arnie Wolff Sports Complex as a volunteer, it is imperative to wear the proper safety equipment. A hard hat, safety glasses, long pants, and safety shoes are required.

Hard hats and glasses are available at several local home building supply stores for under \$8 each. Ear plugs and gloves are recommended.
